FEDE

European Bachelor's - IT, Networks and Security

2020 - 2021

IETP

Specialised Technicians, Information Technology Development

## WORK EXPERIENCE

2024 - PRESENT

INSTITUT ETUDES TECHNOLOGIQUES PROFESSIONNELLES

### Back End Developer

- Developed a React.js & Tailwind CSS school management system for admins, using Node.js, Express.js, and MySQL.
- Designed a dashboard to manage students, teachers, grades, and attendance seamlessly.
- Integrated result printing functionality to generate and print student reports and transcripts.
- Installed and deployed the system on a local server for secure, offline administrative operations.

2022 - 2023

kasbah dades

### Full Stack Developer

- Developed a Next.js & Tailwind CSS hotel web app with multi-language support.
- Integrated a room booking system for reservations and a contact reception feature.
- Created an analytics dashboard to track user interactions, bookings, and performance metrics.
- Deployed and hosted the app on Firebase for scalability and reliability.
